

IMMUN-OCEAN

MACRO ALGAE
IRISH SUPPLEMENT

GASTRO

Gastro is a 100% natural feed supplement comprising of *Ascophyllum nodosum* and *Lithothamnium* which provides a formulated balance of vitamins and minerals. It is a natural approach to supporting the proper, efficient process of equine digestion, providing gastric and hind gut comfort.

Ascophyllum nodosum seaweed from the cold North Atlantic has been used for centuries as a natural source feed supplement, low in iodine and rich in vitamins, minerals and amino acids. It is composed of 48 elements, 16 amino acids and 11 vitamins.

The macro algae is hand harvested in accordance with traditional and sustainable methods that have been used for centuries along the Atlantic coastline of Ireland.

Lithothamnium calcareum is a red algae belonging to the Corallinaceae family. It grows extremely slowly, giving it time to filter and absorb large quantities of sea nutrients. *Lithothamnium* provides a rich supply of minerals including 32 trace elements.

This naturally balanced mix of minerals, vitamins, amino acids and antioxidants helps to promote a healthy immune system and gut environment and aids the overall well-being of competition horses.

Gastro contains soothing properties to help ease irritation and promote intestinal health as well as a healthy balanced digestive system. Gastro encourages the growth of friendly bacteria for regular gut function, which allows the horse maximum utilisation of the feed.

The Omega 3 fatty acids in Gastro are known for their uses in improving brain health and aiding concentration levels resulting in consistent performance. The Omega 3 fatty acids have natural soothing properties which work quickly to ease stiffness, allowing your horse to move more freely.

Natural MSM is a natural organic sulphur and is abundantly found in *Ascophyllum*. It helps to maintain healthy and flexible joints, offering your horse both short and long term joint support.

With optimum levels of magnesium to help with nerve and muscle function this product contains no listed banned substances and is suitable for horses competing at all levels

Gastro is specially formulated for competition horses with gastric issues.

Powered by Irish goodness for naturally healthy horses.

INGREDIENTS

Calcareous Marine Seaweed (*Lithothamnium*) spp. powder, *Ascophyllum nodosum* low temperature dried granules, yeast, live yeast (*Saccharomyces cerevisiae*), flax oil, magnesium oxide and other minerals. Cadmium 0.37 mg/kg, Copper 170 mg/kg, Fluoride 370 mg/kg, Iodine 0.96 mg/kg, Lead 0.44 mg/kg, Mercury 0.1 mg/kg, Magnesium 52000 mg/kg, Molybdenum <3 mg/kg, Nitrogen 0.58 %, Phosphorous 680 mg/kg, Potassium 5300 mg/kg, Selenium <3 mg/kg, Zinc 390 mg/kg.
