

MATERIAL SAFETY DATA SHEET

MonoShield Lamb & Piglet

Section 1 – Product and Company Identification

MonoShield Lamb & Piglet is a liquid feed for lambs & piglet.

Trade Name: MonoShield Lamb & Piglet
Uses: Primary use is for lambs & piglets
Manufacturer:
Name: Mayo Healthcare
Address: Unit 18, Westport Industrial Park
Westport
Co. Mayo
Ireland
Contact Phone: 00 353 (0) 98 25879 / 25622
Email: info@mayohealthcare.ie
Emergency Phone: 00 353 (0)87 251 7797

Section 2 – Hazards Identification

Classification: EC 1272/2008:
Physical and Chemical Hazards: Not Classified
Human Health: Not Classified
Environment: Not Classified

Label elements: No pictogram required

Other Hazards: Not classified as PBT/vPvB by current EU criteria.

Notes: SDS available upon request for ingredients

Standard excipients as used in human and animal products. All excipients comply with either USP, Eur. Ph., BP or European feed grade standards

Section 7 – Handling and Storage

- Safe Handling: Use appropriate PPE. Avoid spilling, skin and eye contact.
- Safe Storage: Always keep in original containers/packaging where possible. Store in a clean, cool, dry, well ventilated place. Protect against temperature extremes.

Section 8 – Exposure Controls / Personal Protection

- Personal Protective Equipment: Wear appropriate gloves and clothing. If handling without gloves, ensure hands are washed thoroughly before touching anything else.
- General Protective measures: Avoid contact with eye and skin where possible. Keep away from foodstuffs whilst handling product. Remove soiled clothing for cleaning after use.

Section 9 – Physical and Chemical Properties

- General Information:
- Form: Liquid
- Colour: Brown
- Odour: None
- Melting Point: Not determined
- Flash Point: Not determined
- Solubility: Liquid.

Section 10 – Stability and Reactivity

- Reactivity: Stable under recommended transport and storage conditions
- Chemical Stability: Stable when stored under specified conditions (see section 7)
- Condition to avoid: Extreme temperatures.
- Hazardous decomposition: No decomposition noted / reported.
- Thermal decomposition: No decomposition noted / reported.

Section 11 – Toxicological Information

Information on toxicological effects:

Acute toxicity:	Not determined
Skin Corrosion/ Irritation:	Mildly Irritating
Eye Damage/Irritation:	Mildly Irritating
Respiratory or skin sensitisation:	Not determined
Carcinogenicity:	Not determined
Other information:	Ingredient SDS available upon request

Standard excipients as used in human and animal products. All excipients comply with either USP, Eur. Ph., BP or European feed grade standards

Section 12 – Ecological Information

General information: Do not discharge into drains or water supply.

Section 13 – Disposal Considerations

General Information: When handling waste, handling precaution as per section 7 should be considered.

Waste disposal: Waste to be disposed of as per local authority regulations.

Section 14 – Transport Information

General Information: This product is not covered by international regulation on the transport of dangerous goods.

Section 15 – Regulatory Information

EU Regulation: Directive 2002/32/EC.
Regulation (EC) No 767/2009.
Regulation (EC) 1831/2003
