## Sportsmaster®

### Renovator Pro 10-2-4+Fe+Herb

10+0.9+3.3+Fe+Herb

#### Product description

The Sportsmaster products contain compound granular fertilizers. They are manufactured as mini-granules providing ease of application and an even distribution. This ensures even growth, quality and colour over the whole area and prevents unsightly speckling effects.

#### Product advantages

1. Ideal during the spring period when broadleaved weeds and moss are present and need controlling in one application.
2. Contains selective herbicide for routine and heavy weed control.
3. Approved label for effective control of the following weed species:

Yarrow	Parsley-Piert	Thrift
Daisy	Common Mouse-Ear	Dwarf Thistle
Smooth Hawk's Beard	Common Stork's Bill	Sea Stork's Bill
Heath Bedstraw	Dove's Foot	Crane's Bill

## Directions for use

- Apply to dry foliage and irrigate after 1-2 days if no rain has fallen.
- Irrigation will aid dispersion and minimize any risk of mower pick-up on close mown surfaces.
- Avoid applications during frosty or drought conditions.
- Watering-in after application will minimize foot printing risk.
- If spilt on paving slabs, concrete, clothes etc. brush off immediately, as product may cause discolouration.
- Delay verti-cutting and/or grooming for 3 days after application to allow the granules to disperse.
- Do not apply to newly sown or turfed areas for 6 months after establishment.
- Avoid contact/drift onto all broadleaved plants outside the target area.
- For best results apply when light showers or heavy dews are expected or irrigate after 2 days.
- Grass should not be cut for 3 days before and at least 4 days after treatment.
- The first 4 mowing after treatment should not be used as a compost or mulch unless composted for 6 months.
- Re-seeding of bare batches should not be carried out until 8 weeks after treatments.
- Avoid walking on treated areas until it has rained or irrigation has been applied.
- Rake or scarify dead moss 2 weeks after treatment.
- Re-treatments may be necessary after 6 weeks if stubborn weeds or moss persist.
- Do not apply more than 3 applications per year.
